

## You're Not Trying an Experiment

When You Trade With a  
...Cash Store...

It's an established fact that any merchant doing a strictly spot cash business can afford to sell goods from 10 to 20 per cent. cheaper than any credit concern. There are only five or six genuine cash stores in the state.

### The New York Racket

Is one of them. We want you to come in and examine our new stock of

**SHOES,  
CLOTHING,  
SHIRTS,  
HATS**

And all kinds of ladies' and men's furnishings. Big line of men's gloves just in they're splendid values. You'll find honest goods. You'll find honest prices.

Salem's Cheapest One Price Cash Store.

Our Store Closes Every Evening at Six O'clock Except Saturday.

E. T. BARNES,  
Proprietor.

Cor. Commercial and  
Chemeketa Streets

**Salem** is the best trading point in the valley and THE JOURNAL is the surest medium for reaching trade.

### REPAIRING A WATCH

Of the finest workmanship is a branch of our business that we give special attention to. Our repairing department is conducted with the utmost care and skill; diamonds are reset, and jewelry of all kinds is repaired in the most perfect manner, besides optical work of all kinds.

C. T. POMEROY  
288 Com'l. St.

### ARTIFICIAL TEETH

Are regarded by many as of doubtful utility. They do not know that by our system of

#### Dentistry

They are made to equal, if not surpass, those supplied by nature. Our teeth on plates are the acme of perfection. Their appearance and fit is so good that nothing better can be desired.

Full sets on rubber from \$7.00 up.

## WILL NOT INTERCEDE

Uncle Sam Will Keep  
Hands off in China

MANCHURIA MAY  
GO TO RUSSIA

Policy of United States  
Opposed to Interference

St. Petersburg, March 26.—Circular issued by the Minister of the Interior blames the police for not crushing the demonstrations at the outset by the dispersion of the gathering crowds. Order must be restored at any cost, and the authorities must not fear to use the necessary force and severity.

The press is beginning to display uneasiness on account of the position taken by Japan with regard to Manchuria.

London, March 26.—The Birmingham Post says that news received in high quarters in London indicates that the czar is in a very nervous state owing to the condition of the political horizon.

It is said he fears the result of the policy of his ministers in the far east, while the students' troubles and threats against his life have completely unseated his majesty. Those behind the scenes in Russia take a very grave view of present agitation and think it is the beginning of more serious trouble.

The Chinese Minister informed the Associated Press that the Manchurian treaty has not been signed according to latest advice today. Whether it be signed or not he was unable to say.

Peking, March 26.—Foreign Ministers will not meet again until the committee is ready to report on China's resources.

An Australian contingent will sail for home tomorrow. Japanese regiment is starting today for Japan.

Washington, March 26.—There is reason to believe that some of the cable dispatches stating that the Chinese ministers at the various capitals have made a final appeal of protest are rather misrepresented, the real purpose of the Chinese representation, which have not been so much by way of protest as of inquiry, are as to whether the great powers would support China in case she took the serious responsibility of refusing to sign the agreement with Russia.

The general result of those inquiries has been to show that while the powers did not approve of the agreement they were not ready to commit themselves to backing up China in a firm rejection of the Russian proposal and consequent breach between Russia and China.

Washington, March 26.—The crisis in the Chinese question—as brought about through the expiration of the period allowed for the signature by China of the Manchurian agreement, was the principal topic before the cabinet today.

The conviction obtained that the U. S. had done all it could properly do to prevent the consummation of this arrangement. It was decided to give out for publication a memorandum set to our representatives abroad on the subject.

New York, March 26.—According to a Washington special to the Tribune the United States has just declined to enter a protest against the seizure of Manchuria by Russia, although approached by other powers with that end in view and warned by them that the consummation of the negotiations today at

St. Petersburg would insure the dismemberment of the Chinese Empire and probably lead to war in the Orient.

The decision of this government to abstain from intervention in accordance with its traditional policy in complications beyond the seas was communicated very recently to Wu Ting Fang by Secretary Hay. The United States Government is constrained to rest its commercial rights on its emphatic declarations in the last year which it believes cannot be disregarded by Russia or any other nation. These declarations of the American position before the world were contained in Secretary Hay's first note regarding "open door" in China.

The decision of the United States not to intervene in the present crisis is further strengthened by the cordial assent of all the powers to the assertions of American policy in the memorable note of July 3 last.

The third and final reason which has led the United States to withhold its intervention rests on a hitherto unpublished but brief and very important diplomatic incident. It is now disclosed that the United States has filed an ineffective protest no longer ago than February 15, when Secretary Hay warned China that it would be unwise and dangerous to have separate or secret negotiations with any single power and gave notice that the United States would not recognize the validity of such treaties.

On March 1st a circular quoting this warning was sent to all the interested powers. Particular care was taken that the American Ambassador at St. Petersburg should present his copy directly to the Russian Minister of Foreign Affairs and simultaneously Secretary Hay delivered a copy to the Russian Ambassador at Washington. It was expressly declared to Russia and the rest of the world that this government would not recognize such a treaty as that now pending at St. Petersburg.

London, March 26.—"M. Ducloux has emphatically declined," says Dr. Morrison, writing to the Times from Peking, Sunday, "to grant an extension of the period for signing and further amending the Manchurian convention which the Chinese court implored. Li Hung Chang continues to urge the expediency of immediate compliance. His hands were strengthened by Count Von Below's statement in the Reichstag that the Anglo-German argument does not apply to Manchuria."

"There is some reason to doubt the bona fide of the modified demands respecting Mongolia and Turkestan."

**TRIPLE MURDER BY CRAZED LOVER**  
LOS ANGELES, March 26.—Crazed for love of Mrs. C. W. Stratton, a prosperous rancher living three miles from Compton, Clarence Crawford last night mortally wounded Ralph Mulholland, killed Mr. Stratton, attempted to kill Mrs. Stratton and ended his life by sending four shots into his own breast and a fifth and fatal shot into his forehead. He is supposed to have been insane. Mulholland, who is dying, is a rancher against whom Crawford is not known to have had any grievance. The murderer was a farm hand 25 years of age.

**TODAY'S NEWS SUMMARIZED.**  
A mine has been discovered under the palace of Emperor Nicholas near St. Petersburg. Several nobilities are implicated in the plot.  
Cruiser Philadelphia will be repaired at Mare Island navy yard. Battleship Iowa will go on dry dock at Port Orchard.  
General Corbin will certainly visit the Philippines soon although Secretary Root may not be able to do so.  
George Gould may become the head of a railroad combination capitalized at \$300,000,000.  
Multnomah County must stand cost of repairing Morrison-street bridge.  
There are over 2000 horses in training at Newmarket for the racing season.  
Two Polish boys in Chicago seriously burned with stolen dynamite.  
The famous warship Hartford, is at Brooklyn navy yard.  
High officials in Brazil are implicated in the monarchist plot.  
No practical change in Nebraska senatorial ballot today.  
San Francisco is to have direct steamship service with Manila.  
China appeals to England to protect her from Russia.  
"Tod" Sloan leaves for England in two weeks.  
Admiral and Mrs. Dewey are in New York.

## CUBANS ANGRY

Want Independence to Prove  
their Character

SPANIARDS FAVOR  
ANNEXATION AT ONCE

While Natives Admit it Must  
be the Ultimate  
Solution

New York, March 26.—Representative Henry A. Cooper, of Wisconsin, the chairman of the insular affairs committee of the House of Representatives, who has just returned from Cuba, believes that the chief danger in the Cuban situation is the policy of depreciation of the islanders, which has been pursued in some newspapers, says the Washington correspondent of the Times.

He considers this as accounting for most of the misunderstanding and ill feeling.

"I went everywhere and talked with everybody I could find," said Mr. Cooper. "Spaniards are annexationists. The Cubans are almost unanimously in favor of independence, even those of them who believe that annexation is inevitable in the long run. They want to try it for a while anyway, because as they said to me, we want to show the world that we are not thieves, bandits and cut throats. 'I visited at the house of a Cuban family who were all educated in the United States. They took three of the New York papers and one Philadelphia paper and were perfectly informed on American matters. They showed me a collection of clippings from American newspapers stigmatizing the Cubans as a worthless lot and predicting anarchy as a result of independence. I asked what their terms were and they replied that were in favor of annexation and believed it was sure to come ultimately, but they wanted at least a term of independence. 'And we want it' they said, 'just to prove that we are civilized human beings.'"

"I believe that the Platt amendment will be accepted. The opposition to it was as much to the way in which it was presented to them as to what was in it. Its Cuban opponents thought it was presented somewhat as an ultimatum and that it could be better arranged by a joint committee of Cubans and Americans meeting in Washington. But I think it will be accepted and I also think that annexation will be the final outcome."

"Many things have retarded it and first on the list I should place the whole sale, indiscriminate denunciation of the Cubans which has been so common in the United States."

"I went about all parts of Havana at all hours of the day and night, and I never saw such an orderly peaceable city. It is one of the cleanest cities in the world. Washington is a clean city, and yet I believe you could gather up more dirt in Washington than you could in Havana."

**ENGLISH NOBILITY GAIN LIBEL SUITS**  
LONDON, March 26.—Arthur Chamberlain in a libel suit against the Star and the Morning Leader, has been awarded 1500 pounds damages. Neville Chamberlain's libel suits against the same papers was settled for similar damages.

**MADAME SEMBRICH LOSES HER VOICE**  
SAN FRANCISCO, March 26.—Madame Sembrich may never again sing in public. Her physician has advised the famous operatic soprano to cancel all her engagements as to retire to her home in Dresden for a rest. She leaves tomorrow for New York. Manager Graff has disbanded the company and the entire organization will return to New York. Madame Sembrich was attacked with severe throat trouble in Salt Lake and on her arrival in this city there was no improvement. She insisted on appearing the opening night, however, and since that time has been confined to her rooms at the Palace Hotel, and has been gradually growing worse. Her voice is said to have been overtaxed.

**SAN FRANCISCO GETS ARMY SHIPMENTS**  
WASHINGTON, March 26.—Relative to the claims of several cities on the Pacific Coast for the privilege of being the point of shipment of troops and supplies to the Philippines, Secretary Root said that it was necessary to maintain a large terminal plant for government transportation and it was not possible to maintain more than one on the Pacific Coast. General Bird of the Quartermaster's Department, after a thorough investigation had found that troops could be sent from San Francisco more advantageously by the northern route from the cities of the North Pacific. The Secretary said that other points would be utilized for shipment whenever it was found advantageous to the government to do so.

**WORST STORM IN TEN YEARS**  
JULESBURG, Colo., March 26.—The blizzard that has been raging at Julesburg and vicinity is the worst storm known here since 1890. Many cattle have perished by drifting with the storm. Others have been smothered in snow drifts, in ditches and the river. Huge drifts eight to ten feet high block all roads. No trains are coming in and eight or ten passenger trains are blocked here. In several instances residences are completely surrounded by banks of snow.

**Mining Plant Burns in New Mexico.**  
SANTA FE, N. M., March 26.—News has reached here that the fine new reduction plant of the Copper Hill Mining Company was completely destroyed by fire. The boiler house and tank were also destroyed. The loss is about \$75,000.

**ADMIRAL DEWEY IN NEW YORK**  
New York, March 26.—Admiral and Mrs. Dewey arrived in this city last night from Washington and will remain here a week or more. The Admiral will be the guest of honor at the military tournament at Madison Square Garden tonight.

**Suing for Nickel**  
ROCHESTER, N. Y., March 26.—Members of the Northwestern Improvement Company who live on the northern border of the city are suing the local traction company for five cents, because the corporation refuses to extend its tracks to a point near their homes. The cases were opened today. Lawyers say that a number of complicated points are involved.

## PALACE MINED

Plot to Destroy Czar's  
Home Discovered

ARABIAN REVOLT  
AGAINST TURKEY

Homid Ed Dithas Again  
Raises Against the  
Sultan's Rule

LONDON, March 26.—A dispatch to the Exchange Telegraph Company from Paris states on the highest authority that a mine has been discovered beneath the palace of Emperor Nicholas at Tsarskoe Selo, seventeen miles south of St. Petersburg.

Several nobilities, the dispatch further states, are implicated in the plot against His Majesty. The Russian press was not permitted to mention the affair.

**KALAMAZOO COUNTY SWEPT BY STORM**  
KALAMAZOO, Mich., March 26.—A cyclone which swept across the South-east corner of Kalamazoo County yesterday afternoon, resulted in largely exaggerated reports of loss of life and property. No fatalities have been reported.

**ADAMSVILLE, Mich., March 26.**—This vicinity was swept by a cyclone yesterday. Fifteen acres of timber were practically razed. The wind sucked all the water out of Christiana Creek and formed an immense waterspout.

**FAMILY POISONED BY POISONED SOUP**  
HELENA, Mont., March 26.—Mrs. J. E. Tolman is dead as a result of mysterious poisoning. With four members of her family, she was stricken while dining Sunday. The others recovered.

A servant, who is in the hospital suffering from nervous prostration, is believed while temporary unbalanced to have put poison in the soup.

**American Jockey Gaining in Favor**  
New York, March 26.—A dispatch to the Tribune from London says: "The number of American jockeys in readiness for the racing season has greatly increased, notwithstanding the discipline to which some of them were subjected last year."

It is not expected that the stewards of the Jockey Club will refuse to license them but it is probable that foul or rough racing will be severely dealt with. There are over 2,000 horses in training at New Market and as the grounds are overcrowded there is some talk of ruling out foreign stables, although the Jockey Club receives seven guineas for every

horse on the training grounds.

**Tod Sloan is in New York,** but will depart for London in two weeks. He will apply for a license to ride, and is confident he will obtain it.

**BIRMINGHAM STORM WORSE THAN REPORTED**  
Eighteen Persons Are Killed and Over Fifty Injured

BIRMINGHAM, Ala., March 26.—Much more horrible than the first reports of the cyclone of yesterday are the realities which have come out this morning. It is now certain that 18 persons were killed, and fifty injured in Birmingham and vicinity. The path of the storm covered practically every hamlet in Jefferson County. The following cities were especially visited.

Birmingham, Pratt City, Bessemer, Irondale, Brighton, North Birmingham, Trussville, Weems, Woodlawn and Irontown. A majority of the sufferers are negroes and the poorer classes of whites. The property loss is estimated in the city at \$200,000 to \$300,000.

**Cures Night Colds**  
How will your cough be tonight? Worse, probably. You can stop it any time. Then stop it tonight. You will cough less and sleep better, and by tomorrow at this time you will be greatly improved.

**Ayer's Cherry Pectoral**  
cures night coughs, day coughs, all kinds of coughs. Help Nature a little and see what she will do for you.

Three sizes: 25c, 50c, \$1.00.

If your druggist cannot supply you, send us \$1.00 and we will express a large bottle to you, all charges prepaid. Be sure and give us your nearest express office.
